Health and Human Services Agency California Department of Public Health

Erica Pan, MD, MPHDirector and State Public Health Officer

Gavin Newsom
Governor

October 1, 2025

TO:

Agencies Signatory to the Cooperative Agreement with the California Department

of Public Health

SUBJECT:

COOPERATIVE AGREEMENT WITH THE DEPARTMENT OF PUBLIC HEALTH

Please find enclosed a copy of the Cooperative Agreement between local agencies applying pesticides for public health purposes and the California Department of Public Health. The current Cooperative Agreement between our agencies shall expire on December 31, 2025. If your agency is interested in renewing this Cooperative Agreement for another year (through December 31, 2026), please return the enclosed form by December 31, 2025 to the Vector-Borne Disease Section (VBDS). Include the agency manager's signature in the appropriate space and the operator ID and/or license number to be listed on Monthly Summary Pesticide Use Reports (PR-ENF-060) for 2026. Please send to:

DEPARTMENT OF PUBLIC HEALTH CDPH – Vector Borne Disease Section 850 Marina Bay Parkway Richmond, CA 94804

If you prefer to email your signed agreement, please email Margaret Kerrigan: Margaret C. Kerrigan@cdph.ca.gov.

VBDS will endorse the Cooperative Agreement and return a copy to your agency immediately. If your agency is not interested in continuing the Cooperative Agreement, please notify VBDS as soon as possible.

Thank you for your cooperation in this matter. If you require additional information or clarification, please contact your VBDS regional office or the Sacramento headquarters at (916) 552-9730.

Vicki L. Kramer, Ph.D., Chief Vector-Borne Disease Section

Vich I. Zumer

Enclosure

COOPI	ERATIVE AGREEMENT (PURSUANT TO SECTION 116180, HEALTH AND SAFETY CODE) Date
	This Agreement between the California Department of Public Health and
	(name and address of local vector control agency)
	tive on January 1, 2026 or on the subsequent date shown above, and expires December 31, 2026. It is subject to renewal by consent thereafter.
Operato	or ID and/or license number to be listed on Monthly Summary Pesticide Use Reports (PR-ENF-060) for 2026:
Operate	or ID # License #
This ag	greement may be canceled for cause by either party by giving 30 days advance notice in writing, setting forth the reasons for the ation.
Part I.	<u>Pesticides</u>
The vec	ctor control agency named herein agrees:
1.	To calibrate all application equipment using acceptable techniques before using, and to maintain calibration records for review by the County Agricultural Commissioner.
2.	To seek the assistance of the County Agricultural Commissioner in the interpretation of pesticide labeling.
3.	To maintain for at least two years for review by the County Agricultural Commissioner a record of each pesticide application showing the target vector, the specific location treated, the size of the source, the formulations and amount of pesticide used, the method and equipment used, the type of habitat treated, the date of the application, and the name of the applicator(s).
4.	To submit to the County Agricultural Commissioner each month a Pesticide Use Report, on Department of Pesticide Regulation form PR-ENF-060. The report shall include the manufacturer and product name, the EPA registration number from the label, the amount of each pesticide used, the number of applications of each pesticide, and the total number of applications, per county, per month.
5.	To report to the County Agricultural Commissioner and the California Department of Public Health, in a manner specified, any conspicuous or suspected adverse effects upon humans, domestic animals and other non-target organisms, or property from pesticide applications.
6.	To require appropriate certification of its employees by the California Department of Public Health in order to verify their competence in using pesticides to control pest and vector organisms, and to maintain continuing education unit information for those employees participating in continuing education.
7.	To be inspected by the County Agricultural Commissioner on a regular basis to ensure that local agency activities are in compliance with state laws and regulations relating to pesticide use.
Part II.	Environmental Modification
The ve	ctor control agency named herein agrees:
	apply with requirements, as specified, of any general permit issued to the California Department of Public Health as the lead agency, ing to physical environmental modification to achieve pest and vector prevention.

Board Review and Consideration to Create a Receptionist Position

Background

In the administration department reorganization plan approved by the board on September 15, 2025, the future need for a Receptionist position was discussed. While we originally contemplated developing this position over the next six months, our recent experience with a record number of invasive mosquitoes this season has included a tremendous increase in service requests, invasive mosquito inspection call backs, and general questions from the public. Creating and, if approved, recruiting for a Receptionist to start early in 2026 at the latest would provide enough time to train and prepare the new Receptionist for the 2026 season. Since this will be a new role, we have written in the attached job classification that the Receptionist would be determined to be a part-time or a full-time position at the discretion of the General Manager based on business needs of the District.

The attached draft Receptionist position is presented for consideration.

Fiscal Impact

The Receptionist pay scale has been determined by an informal comparison of Receptionist positions from a range of area local government agencies and municipalities, in addition to consideration of the internal relationships between the other District job classifications. The recommended pay scale is:

		STEPS (Hourly P	ay Rates)
JOB CLASSIFICATIONS	Α	В	С	D	E
Receptionist	23.57	25.04	26.51	27.99	29.46

The actual fiscal impact in FYE26 will be determined if the Receptionist is hired at a full time or part time work schedule. Expenditures related to this position would likely only impact the second half of the current budget, we estimate that the impact would be minimal. The worst case would be that we would have to amend the FY26 budget to accommodate this position.

In future budgets, the Receptionist would be budgeted as part of the normal staffing budget process, and we do not anticipate any issues moving forward.

Staff Recommendation:

Staff recommends the Board approve the creation of the Receptionist position with the FY26 pay scale as presented.

Page 13 of 28

CLASSIFICATION SPECIFICATION DRAFT RECEPTIONIST

DEFINITION

Under direct supervision of the Office Manager, the Receptionist provides the first point of contact for the District by answering incoming calls, responding to general email inquiries, greeting visitors, processing service requests, and providing routine administrative support to District staff. This position plays an important customer service role by ensuring that members of the public and internal staff receive timely, accurate, and courteous assistance.

This is an entry-level, part-time or full-time regular administrative classification.

SUPERVISION RECEIVED AND EXERCISED

The Receptionist receives general supervision from the Office Manager or assigned supervisor and receives general direction from Deputy General Manager or General Manager; no supervision is exercised.

EXAMPLES OF ESSENTIAL DUTIES

Note: The following are the duties performed by employees in this classification. Employees may perform other related duties at an equivalent level. Each individual in the classification does not necessarily perform all the duties listed.

- Answers and routes incoming phone calls promptly and courteously provides general information and refers callers to appropriate staff.
- Monitors and responds to general District email accounts and forwards or assigns messages as appropriate.
- Greets and assists visitors and walk-in members of the public at the front desk.
- Receives, logs, and processes public service requests, standard mail correspondence and deliveries or other general communication using District systems.
- Provides routine administrative support, such as filing, scanning, copying, and data entry.
- Maintains reception area in a professional and orderly manner.
- Assists Office Manager with preparation and distribution of correspondence, forms, and materials.

Approved ##/##/###

- Supports special administrative projects as assigned.
- Performs other duties as required.

EMPLOYMENT STANDARDS

Knowledge of:

- Standard office practices and procedures.
- Customer service techniques, telephone etiquette, and professional communication.
- Basic computer applications, including word processing, spreadsheets, email, and database systems.

Ability to:

- Communicate clearly and courteously in person, on the phone, and in writing.
- Follow oral and written instructions accurately.
- Use discretion in handling sensitive or confidential information.
- Learn and effectively use District software for service requests and records.
- Establish and maintain effective working relationships with the public and staff.
- Manage time and handle multiple tasks with attention to detail.

MINIMUM QUALIFICATIONS

Any combination of training and experience that would provide the required knowledge and abilities is qualifying. A typical way to obtain these would be:

- Equivalent to graduation from high school or GED.
- One year of clerical, reception, or customer service experience preferred.
- Experience working in a public agency or customer-facing role is desirable.

PHYSICAL REQUIREMENTS

- Environmental Conditions: Work is normally performed in a typical office environment.
- Mobility: Frequent sitting for long periods at a computer workstation; occasional bending, twisting, or squatting. Frequently utilizes computers, telephones, and other office equipment.
- Lifting: Frequently up to 10 pounds; occasionally up to 30 pounds.

2 RECEPTIONIST

- Vision: Constant use of overall vision; frequent reading of handwritten and printed materials on paper or electronic media.
- Dexterity: Frequent repetitive motion; frequent writing, grasping, holding, twisting, and reaching.
- Hearing/Talking: Frequent hearing and talking in person and on the phone.
- Emotional/Psychological: Frequent decision-making and concentration; frequent public and coworker contact; occasional working alone.

Public Information and Outreach Report
October 20, 2025
Board Meeting
Page 1 of 5

PUBLIC INFORMATION AND OUTREACH REPORT

Reporting period: September 2025

Prepared by: Julie Prayter, APR, Public Information Officer

SEPTEMBER HIGHLIGHTS

- Based on surveillance data we extended our contract with Clear Channel Outdoor to provide risk mitigation education on their digital billboards in West Placer County.
- We attended Rocklin's Hot Chili Cool Cars event on September 20th where we provided prevention information, repellent wipes, and played Bug Bingo with kids.
- In support of the outreach component of the Placer County Hazard Mitigation Plan, we also had flyers with the QR code for the community survey displayed at this outreach event, in addition to posting them on our public notice board. We also amplified Placer's social media messaging.
- I pitched an "Invasive Species Increase in Rocklin" story to a reporter with CBS13. The story did not get picked up but we'll continue to pitch as appropriate and relevant to public health.
- We produced and published several reel-format videos for social media, including a Labor Day
 weekend PSA, a week-long behavior-based social media campaign to educate residents about
 simple steps they can take to reduce their risk of mosquito bites, and a video message in which
 Joel shared an invasive species update and also provided information to counter a lot of the
 misinformation we've been getting calls about.
- We utilized Nextdoor notifications several times to proactively advise residents our technicians
 will be going door to door as a result of a Parcel Improvement Plan (PIP). Our operations team
 reports a higher rate of compliance on our inspections when residents are expecting our
 technicians.
- I worked with Phil to highlight some of his 3D printing work for a Southern San Joaquin Regional
 continuing education event. This highlight positions Placer Mosquito as an industry leader in
 utilizing technology for public health benefit.
- I attended the California Association of Public Information Officials' (CAPIO) Annual Leadership Summit. I serve as the Education and Development Chair on the CAPIO Board and I presented on the benefits of earning your Accreditation in Public Relations, or APR. This credential teaches people the curriculum of building an effective, ethical public relations campaign with measurable results. I also met Caroline, my Greater Los Angeles County Mosquito and Vector Control District counterpart.

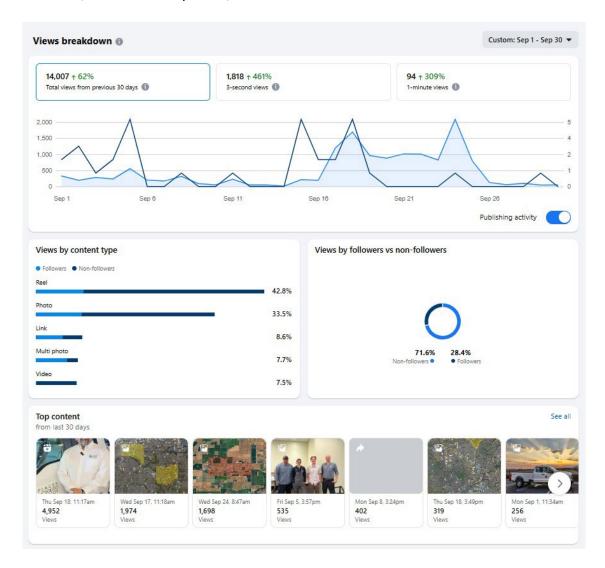

Digital Outreach Analysis

SOCIAL MEDIA

Overview: The goal for content this month was to continue to educate followers and non-followers about risk reduction and other District initiatives.

Strategy: Grow our audience by reaching non-followers, thus expanding our audience base.

Tactics: Boost, increase reels posted, calls to action to include shares.

EMAIL LIST

Open rate

Email open rate is the percentage of your email recipients that open your email.

Open Rate: Government Emails

Industry Standard Average: 28.7%-30.6%

Placer Mosquito: 53.1%

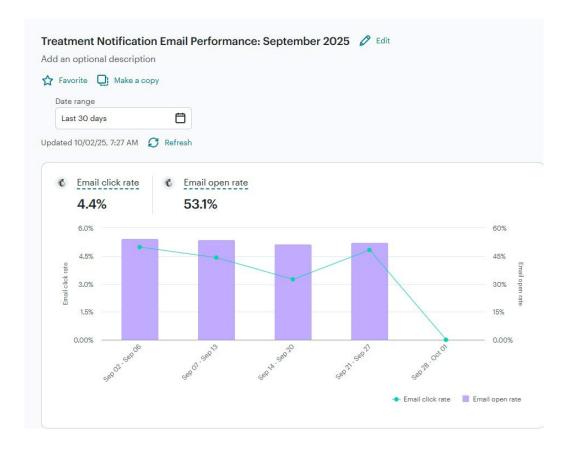

Click rate

Click rate, sometimes also referred to as click-through rate, is the percentage of your email recipients who actually clicked a link within your email.

Click Rate: Government Emails

Industry Standard Average: 2.8%-4.3%

Placer Mosquito: 4.4%

Field Operations and Surveillance Report

Prepared October 13, 2025

Assistant Manager: Jake Hartle

Supervisors: Mike Ashley, Casey Hubble, Scott Schon, Phil Spinks

Mosquito Surveillance & Vector-borne Disease Testing

Adult Mosquito Abundance

- Culex tarsalis is our primary vector species for West Nile virus (WNV).
 - Culex tarsalis and Culex pipiens abundance have trended downward the past couple of weeks, this is a seasonal trend (Figures 1 & 2).

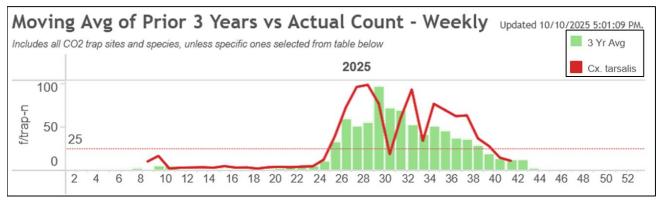

Figure 1: *Culex tarsalis* adult mosquito count per trap night (red line), compared to the three-year average (green bars) by calendar weeks (Week 41 represents October 5- 11).

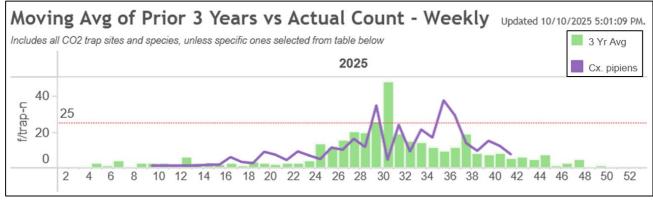

Figure 2: Culex pipiens adult mosquito count per trap night (purple line), compared to the three-year average (green bars) by calendar weeks (Week 41 represents October 5- 11).

Vector-borne Disease Testing

o In 2025 there have been 131 (6.35%) WNV mosquito samples detected in Placer County.

Posi	tive Detections (January 1- M		Oate
	2023	2024	2025
	WNV	WNV	WNV
Mosquito	177/1767	93/1707	131 /2063
Samples	(10%)	(5.4%)	(6.4%)
Dead	41/150	2/88	5/52
Birds	(27.3%)	(2.2%)	(9.6%)

Invasive Aedes:

o In 2025 Invasive Aedes have been detected in 4 cities. Including 29 neighborhoods.

Operations

Ground Mosquito Source Work:

- Ground mosquito adulticide applications made in response to West Nile virus positive and invasive mosquitoes.
 - 17 truck mosquito adulticide applications in September, covering a total of 3,370
 - 24 truck mosquito adulticide applications in August, covering a total of 3,800
- o Ground mosquito larvicide applications made in response to invasive *Aedes* mosquitoes.
 - 13 truck mosquito larvicide applications in September, covering a total of 2,621.
 - 13 truck mosquito larvicide applications in August, covering a total of 2,345.
- In September there was a 45% increase in service requests from August. A large part of these were invasive mosquito related.

Mosquito Source Work: April-August 2025	May	June	July	August	September
Total Pesticide Applications (including catch basins)	3,131	1,162	3,316	2,609	548
Mosquito Sites Treated	322	294	154	165	144
Mosquito Sites Dipped	659	638	499	437	522
Dry Checks	397	611	460	618	494
Sites Visited	1,505	1,721	1,284	1,316	1,328
Service Requests Completed	104	75	77	94	137
Catch Basins Checked	4,250	7,045	11,025	3,816	691

Unmanned Aircraft Systems (UAS):

- o Eight Missions totaling 30 flights in September 2025.
 - 3 aerial larvicide missions.
 - 2 UAS ULV trial/calibration missions.
 - 3 habitat assessment missions.
- UAS larvicide:
 - 19.5 acres in September
 - 7.0 acres in August
 - Habitats treated included wetlands

Biological Control- Fisheries

 21 applications totaling 1,280 mosquitofish, Gambusia affinis stocked for biological control in September.

		Septemb	er 2025	2025 Season to 30 September	2024 Season to 30 September

Weights given with th	e assumption of 4	50 adult fish pe	er pound.		
Report Date 30 Sep 2025	Current \	/ear	Prior Yea 2024	r	

Miscellaneous

Seasonal Employees:

- o Roseville seasonal employees, Nick Stroud and Ryan Osterman, last day will be October 17.
 - This season, Nick and Ryan provided a tremendous amount of help to District operations. Their work included assisting with catch basin inspections and treatments, addressing low-area sources, and supporting the invasive species trapping program. Nick also assisted in UAS operations as a visual observer. Both demonstrated strong work ethic, reliability, and a positive attitude throughout the season. Their contributions greatly enhanced the District's operational effectiveness during a busy mosquito season.

General Manager's Report

Joel Buettner, General Manager 10/14/2025

Invasive Mosquitoes in 2025

The impact of invasive *Aedes aegypti* mosquitoes to the district and residents of Placer County in 2025 has been tremendous. The District has been tracking the spread of invasive mosquitoes since they became established in the Los Angeles area in 2013 and began preparing for an invasive mosquito response in Placer County around 2017 with visits to other districts to learn more about their efforts to monitor and manage this threat, creation of an emergency fund designed to fund eradication and short term management of infestation, and providing training and equipment for staff to be able to respond to invasive mosquito detections. The district has also evaluated technologies to help with detection and control of both our West Nile vectors and invasive mosquitoes in an effort to optimize and reduce resources needed to perform these operations while improving outcomes from Placer County residents.

Even with our first *Aedes aegypti* detection in 2019, we have met the challenge of managing invasive mosquitoes in urban environments by applying science and common sense to outreach and operations that meet our mission to protect public health and quality of life in Placer County. The volume of new neighborhoods and quantity of mosquitoes have both increased significantly compared to the last two years. (See Figure 1.)

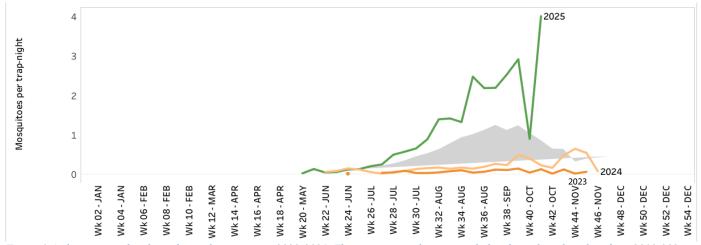

Figure 1 Aedes aegypti abundance by week comparting 2023-2025. The grey area is the projected abundance based on data from 2019-2024

This year we had a combination of a serious West Nile virus year with six human cases reported and one fatality, coupled with record-breaking invasive mosquito abundance, spread, and risk of dengue transmission with travel-acquired dengue cases of patients who live in areas with *Aedes aegypti*. Due to the frequency of necessary ground-based treatments for invasive mosquitoes in areas of the county, like Rocklin where residents have not been as familiar with our District's mosquito control operations, we have received over double the number of calls and service requests compared to previous years. The numbers of complaints from residents have also increased due to noisy equipment, concern over mosquito control applications, and demands for more spraying to combat abundant mosquito bites. (See Figure 2)

Figure 2 Word cloud from August 2025 service requests

Starting in 2026, we will be working on a long-term plan to address the resource and operational challenges of managing both WNV, Invasives, and future threats over the next decade in Placer County. Many foundational efforts such as building capacity in our administration department, continuing to support our technological innovation and applied research efforts, and our proactive approach to future challenges are already in place and helping the District to continue to achieve our mission and protect public health in Placer County.
